PROJECT OVERVIEW

The Miami Shores Village is soliciting Statements of Qualification from interested parties and/or firms for the provision of Professional General Engineering and Architectural Services, as more particularly described herein. Through a Request for Qualification process described herein, persons and/or firms interested in assisting the Village with the provision of such services must prepare and submit a qualifications packet in accordance with the procedure and schedule in this RFQ. The Village will review submittals only from those persons and/or firms that submit a Request for Qualifications packet which includes all the information required to be included as described herein (in the sole judgment of the Village).

Consultants may perform work for various departments of the Village including, but not limited to, Administration, Public Works, Parks and Recreation, Building, and Planning & Zoning. The Village anticipates the majority of the scope of work to be engineering-related.

The scope of services include, but are not limited to, providing general engineering and architectural services for miscellaneous planning, design and/or construction management projects; such as roadways, drainage, structural, bridge, electrical, mechanical, traffic engineering, civil/site planning, water and sewer, surveying, environmental assessments and engineering, permitting, land use and zoning, architectural design and space planning, construction management, and project management. The Village may also require the selected consultants to perform construction engineering inspections (CEI), threshold inspections, plans review and landscape architecture services.

In order to be considered, consulting firms or team joint ventures must have experience in all related areas described above and be particularly familiar with the design criteria and standards used within each area of expertise and in particular the practices of the State of Florida Department of Transportation, Miami-Dade County Public Works Department, Miami-Dade County Department of Environmental Resources Management and Miami-Dade County Water and Sewer Department, the State of Florida Department of Health, the State of Florida Department of Environmental Protection and the South Florida Water Management District as well as applicable building codes. Consultants should also be familiar with the standards, practices, requirements and applicable ordinances of the Miami Shores Village. The Village understands that not all of the interested firms provide services for all of the different disciplines mentioned; therefore the Village will consider joint ventures. Contracts will be awarded in accordance with Florida Statutes 287.055 (CCNA Act).

It is the Village's intention to:

- (a) Solicit responses from interested parties;
- (b) Evaluate the responses;
- (c) Conduct oral presentations (if necessary);
- (d) Verify the information presented, and;
- (e) Negotiate and award a contract to a selected Respondent.

No minimum amount of such service or compensation will be assured to a selected respondent and the Village will not be prevented in any manner from retaining other firms at its sole discretion.

The Village reserves the right to request that the selected Respondent(s) obtain services through sub consultants to supplement the expertise and resources which may be required at any given time and for the purpose of carrying out the intent of the requirements herein. All questions or comments should be directed in writing to the following email at daviss@msvfl.gov.

6.0 EVALUATION

6.1 GENERAL OVERVIEW

The Village’s selection committee will evaluate submittals and will select the respondent which meets the best interests of the Village. The Village shall be the sole judge of its own best interests, the submittals, and the resulting negotiated agreement. The Village’s decisions will be final.

The purpose of the Evaluation Process is to judge the Submittals submitted in response to this Request for Qualifications in order to establish the most advantageous respondent, further identified as the #1 respondent or highest ranked. Each submittal will be evaluated by each Selection Committee member using the procedures outlined herein.

Following the opening of the submittal packages, the documents will be evaluated by a Selection Committee composed of at least three but no more than five individuals and ranked in the order of the most responsive and responsible Respondent. The criteria for ranking will be as follows:

- Experience and Past Performance of Firm/Team – 40 points
- Drainage/Storm water projects/design experience – 25 points
- Quality and Completeness of Submittal – 20 points
- Firms having local presence experience (within Miami Shores Village) – 15 points

The Selection Committee has the right to determine that a number of firms should be short listed, and that presentations will be required from those firms. In the event presentations are required, the firms will be contacted and given a minimum of five days to prepare a presentation. If presentations are necessary those presentations will be ranked using similar criteria and the scoring combined with the original tabulation for a final ranking.

6.2 TIE PROPOSALS

Whenever a tie occurs for the top ranking position after the evaluation, the selection committee will review the time-stamp of the submittal of the RFQ to determine the earliest received RFQ. The selection committee shall award the earliest submitted proposal the highest ranking in a tie scenario.

6.3 SELECTION PROCESS AND AWARD OF CONTRACT

The Village anticipates entering into contracts with the firms deemed responsive and responsible and determined by the Village to be most advantageous. The Village anticipates selecting a minimum of three (3) firms but reserves the right to select more than three (3) if in the best interest of the Village to do so.

The respondent understands that this RFQ does not constitute an offer or a contract with the Village. A contract shall not be deemed to exist and is not binding until proposals are reviewed and accepted by appointed staff, the best proposal has been identified, negotiations with the respondent have been authorized by the appropriate level of authority within the Village, an agreement has been executed by parties and approved by the appropriate level of authority within the Village.

In the event the parties are unable to negotiate terms acceptable to the Village, the Village may determine to accept the offer of the second, or then third most responsive and responsible Respondent determined by the selection committee, or it may re-solicit proposals.

The Village reserves the right to reject all statements of qualifications and/or proposals, to waive non-material, technical variances or infirmities in the proposal, to abandon the project or to solicit and re-advertise for other proposals. The Village may in its discretion waive any informalities and irregularities contained in a proposal or in the manner of its submittal and award a contract thereafter. Contracts will be awarded in accordance with Florida Statutes 287.055 (CCNA Act).

6.4 TERM

The selected Respondent must agree to abide by and be governed by the Miami Shores Village Ordinances and Resolutions, some which may have a bearing on the services involved in any agreement(s) issued as a result of this RFQ. No minimum amount of such service or compensation will be assured to a selected respondent and the Village will not be prevented in any manner from retaining other firms at its sole discretion. The selected respondent shall enter into a one (1) year term agreement with two (2) options to renew for one (1) additional year.

The Village reserves the right to request that the selected Respondent(s) obtain services through sub consultants to supplement the expertise and resources which may be required at any given time and for the purpose of carrying out the intent of the requirements herein.

6.5 TERMINATION OF AGREEMENT

The obligation to continue services under this Agreement may be terminated for cause by either party upon seven (7) days written notice of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party.

Village shall have the right to terminate this Agreement or suspend performance thereof without cause for the Village's convenience upon thirty (30) days written notice to, and shall terminate or suspend performance of services on a schedule acceptable to Village or at the end of this thirty (30) day period, at the option of the Village. In the event of termination or suspension for Village's convenience, Village shall pay for all services performed through the date of notice of termination or suspension.

7.0 Insurance Requirements

Under the terms and conditions of all contracts, leases and agreements, the Village requires appropriate coverage listing Miami Shores Village as an additional insured. The insurance described herein reflects the insurance requirements deemed necessary for this contract by the Village. It is not necessary to have this level of insurance in effect at the time of submittal, but certificates indicating that the insurance is currently carried or a letter from the Carrier indicating upgrade ability will speed the review process to determine the most qualified Proposer.

The successful Proposer(s) shall not commence operations until certification or proof of insurance, detailing terms and provisions of coverage, has been received and approved by Miami Shores Village.

The contractor will provide the owner upon execution of this maintenance agreement a current Certificate of Insurance issued by an insurance company or companies authorized to do business in The State of Florida. The contractor will maintain for the duration of the maintenance agreement a Comprehensive Public Liability Policy that will insure the contractor against all claims and property damage arising in connection with the operation and maintenance of the contractor's business.

The following is a list of types of insurance coverage and limits that shall be required. *Note: This list may not be all inclusive, and the Village reserves the right to require additional types of insurance, or to raise or lower the stated limits based upon identified risk.

Covering all employees and providing benefits as required by Florida Statute, Chapter 440, regardless of the size of the company (number of employees), but no less than \$1,000,000 for Employers' Liability. Said coverage shall include a waiver of subrogation in favor of Miami Shores Village and its agents, employees and officials. The Contractor

further agrees to be responsible for employment, control and conduct of its employees and for any injury sustained by such employees in the course of their employment.

- ii. Professional Liability (Errors and Omissions) coverage shall include coverage for all claims arising out of the services performed with limits not less than \$1,000,000 per claim. The aggregate limit shall either apply separately to this contract or shall be at least twice the required per claim limit.
- iii. Such Liability insurance shall include the following checked types of insurance and indicated minimum policy limits.

The selected firm shall provide a Certificate of Insurance listing Miami Shores Village as "Certificate Holder" and "Miami Shores Village is Additional Insurance as respect to coverage noted." Insurance companies providing insurance coverages must have a current rating A.M. Best Co. of "B+" or higher. (Note: An insurance contract or binder may be accepted as proof of insurance if Certificate is providing upon selection of the service provider.)

The certification or proof of insurance must contain a provision for notification to the Village thirty (30) days in advance of any material change in coverage or cancellation.

The successful Proposer shall furnish to the Village the certification or proof of insurance required by the provisions set forth above, within ten (10) days after notification of award of contract.

Waiver of Subrogation

Required insurance coverages shall not prohibit the service provider from waiving the right of subrogation prior to a loss. Service provider shall waive all subrogation rights against the indemnified parties. Policies shall contain or be endorsed to contain such provisions.

Deductible

Any deductible or self-insured retention must be approved in writing by the Village and shall protect the indemnified parties in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

Failure to Maintain Coverage

The service provider agrees to suspend and cease all operations hereunder during such period of time as the required insurance coverage is not in effect and evidence of insurance has not been furnished to the Village. The Village shall have the right to withhold any payment due the service provider until compliance with the insurance provisions of this agreement are satisfied.
